

Marine Fisheries

Introduce Transfer or Hold Imported Marine and Estuarine Organisms into the Coastal Waters of the State of North Carolina (Permit to)

What Activities Require This Permit? Introduction into coastal waters live marine or estuarine organisms not native to North Carolina; transfer of marine or estuarine organisms which are native, but which originated outside the state's boundaries; holding or maintaining any imported marine or estuarine organisms in a quarantine or isolation system for brood stock, aquaculture, or bait; or selling for bait any live marine or estuarine organism imported into the state.

What Is The Purpose of This Permit? To track the movement of marine and estuarine organisms that are not native to the state, or that originate from outside of the state; to protect the natural resources of the state from disease, gene mixing, and over competition.

Who Issues This Permit? N.C. Division of Marine Fisheries (DMF), Habitat and Enhancement Section.

How Much Will This Permit Cost? No cost.

Where Can I Get The Application For This Permit? N.C. Division of Marine Fisheries, Habitat and Enhancement Section, 3441 Arendell Street, Post Office Box 769, Morehead City, NC 28557-1-800-682-2632; 252-808-8047; 252-808-8056

How Long Will It Take To Review My Application? Up to two weeks (14 days).

Where Do I Submit My Application? N.C. Division of Marine Fisheries, Habitat and Enhancement Section, 3441 Arendell Street, PO Box 769, Morehead City, NC 28557-0769. 1-800-682-2632; 252-808-8047; 252-808-8056.

How Long Is My Permit or License or Certificate Valid? Permits expire 30 days from the date the product was pulled for pathology testing required by the permit process.

Notes/Comments: Testing is required prior to issuance of permit. Each batch must be tested within 30 days of shipment to North Carolina. Each test will consist of a minimum of 60 organisms.

Legal Authority/Statute Reference: General Statute 113-169 and 113-169.1; NC Fisheries Commission Rules 15A NCAC 31.0104.
